

*Join the Emerge Family...*

## **Becoming a Member of our Professional Staff**

Emerge ([www.emergeinc.org](http://www.emergeinc.org)) is a not-for-profit organization based in Columbia, Maryland that specializes in serving individuals with developmental, physical and mental health disabilities. We offer supported living, residential, day, and employment services. Today we serve more than 450 individuals and their families in counties throughout central Maryland.

At Emerge we depend on a team of professionals committed to assisting individuals with disabilities (we call them our "customers") to live full and independent lives. Our team works with customers to equip them for adult living, to hold down paying jobs or at least to carry out regular duties that call for self-organization and responsibility.

We do not reject a potential customer if we have the staff and resources to provide quality services. And we always admit a new customer with the assumption that he or she will be part of the Emerge family for life.

Please take the time to review our web site to discover how you might feel as a contributing member of the Emerge family. Our team is close-knit and collegial, and empowered by the drive to respect, support, and befriend our customers—and to guide them along the path to self-esteem and independence in our community. If a career in this environment appeals to you, please email your resume, along with a little information about your own interests and aspirations, to our HR Director Gary Washington ([gwashton@emergeinc.org](mailto:gwashton@emergeinc.org)).

We're also looking for administrative and accounting specialists, qualified nursing and other medical personnel and entry-level direct support counselors. We provide substantial training and collegial guidance to individuals who join our family. Some positions require a team member to have an automobile. New staff members undergo thorough training and benefit from the mentorship and support of Emerge's professional staff and the Emerge family as a whole.
